GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Charles River Laboratories International, Inc., a Delaware corporation (the "Company"), of proxies, in the accompanying form, to be used at the Annual Meeting of Stockholders to be held at the Lanam Club, 260 North Main Street, Andover, Massachusetts, on Friday, May 3, 2002, at 10 a.m. and any adjournments thereof (the "Meeting").

Where the Stockholder specifies a choice on the proxy as to how his or her shares are to be voted on a particular matter, the shares will be voted accordingly. If no choice is specified, the shares will be voted:

- FOR the election of the five nominees for director named herein; and
- FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent public accountants for the fiscal year ending December 28, 2002.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date. Any Stockholder who has executed a proxy but is present at the Meeting, and who wishes to vote in person, may do so by revoking his or her proxy as described in the preceding sentence. Shares represented by valid proxies in the form enclosed, received in time for use at the Meeting and not revoked at or prior to the Meeting, will be voted at the Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of the Company's Common Stock is necessary to constitute a quorum at the Meeting. Votes of Stockholders of record who are present at the Meeting in person or by proxy, abstentions, and broker non-votes (as defined below) are counted as present or represented at the Meeting for purposes of determining whether a quorum exists.

Nominees for election as directors at the Meeting will be elected by a plurality of the votes of the shares present in person or represented by proxy at the Meeting. Withholding authority to vote for a nominee for director will have no effect on the outcome of the vote. For the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent public accountants for the fiscal year ending December 28, 2002, the affirmative vote of a majority of votes cast is required. Because abstentions are not part of the votes cast, they have no effect on the proposal.

If you hold your shares of Common Stock through a broker, bank or other representative, generally the broker or your representative may only vote the Common Stock that it holds for you in accordance with your instructions. However, if it has not timely received your instructions, the broker or your representative may vote on certain matters for which it has discretionary voting authority. If a broker or your representative cannot vote on a particular matter because it does not have discretionary voting authority, this is a "broker non-vote" on that matter. Broker non-votes are not counted for the purpose of electing directors and approving the proposal relating to the ratification of independent public accountants.

The close of business on March 12, 2002 has been fixed as the record date for determining the Stockholders entitled to notice of and to vote at the Meeting. As of the close of business on March 12, 2002, the Company had 44,233,602 shares of Common Stock outstanding and entitled to vote. Holders of Common Stock at the close of business on the record date are entitled to one vote per share on all matters to be voted on by Stockholders.

The cost of soliciting proxies, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by the Company. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of Common Stock of the Company for their expenses in forwarding proxy material to such beneficial owners. Solicitation of proxies by mail or the Internet may be supplemented by telephone, telegram, telex and personal solicitation by the Directors, officers or employees of the Company. No additional compensation will be paid for such solicitation.

This Proxy Statement and the accompanying proxy are being mailed on or about April 5, 2002 to all Stockholders entitled to notice of and to vote at the Meeting.

The Annual Report to Stockholders for the fiscal year ended December 29, 2001 is being mailed to Stockholders with this Proxy Statement, but does not constitute a part hereof.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table shows information regarding the beneficial ownership of the Company's Common Stock as of March 12, 2002, which is the record date for the purposes of determining Stockholders entitled to vote at the Annual Meeting. For such date, the table covers:

- Each person or group of affiliated persons known by the Company to own beneficially more than 5% of the outstanding shares of Common Stock;
- Each current member of the Board of Directors;
- Each executive officer named in the Summary Compensation Table on page 10 hereof; and
- All current directors and executive officers as a group.

The beneficial ownership has been determined in the table in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person on March 12, 2002, we have deemed shares of Common Stock subject to options or warrants held by that person that are currently exercisable or will become exercisable within 60 days of March 12, 2002, to be outstanding, but we have not deemed these shares to be outstanding for computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes below, each stockholder identified in the table possesses sole voting and investment power with respect to all shares of Common Stock shown as beneficially owned by that Stockholder. Beneficial ownership percentage is based on 44,233,602 shares of Common Stock outstanding as of March 12, 2002.

None of the directors, executive officers or beneficial owners listed below or their respective associates or security holders, is a party to any material proceedings adverse to the Company or has a material interest adverse to the Company.

The address for each listed director and officer is c/o Charles River Laboratories International, Inc., 251 Ballardvale Street, Wilmington, MA 01887.

- (1) The options were granted pursuant to the Company's 2000 Incentive Plan. The options granted to the named executive officers are incentive stock options to the extent permitted by law and vest annually in three equal installments.
- (2) The amounts shown in this table represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock, the optionee's continued employment through the option period and the date on which the options are exercised.

PENSION AND SAVINGS PLANS

One of the Company's sponsored defined benefit plans, the Charles River Laboratories, Inc. Pension Plan, is a qualified, non-contributory plan that covers most U.S. employees. Benefits are based on participants' highest five consecutive years of compensation and years of service. The amount of pension payable at normal retirement (the later of age 65 and 5 years of service) is equal to the greater of: (1) 1 1/8% of participants' highest five consecutive years of compensation multiplied by years of service up to 40 years, less the maximum offset allowance determined in accordance with Internal Revenue Code Section 401(1); and (2) \$180 multiplied by years of service. Participant's rights vest upon completion of five years of service. Employees hired after December 31, 2001, are not eligible to participate in the plan.

Certain officers and key employees of the Company also participate in the Company's amended and restated Executive Supplemental Life Insurance Retirement Plan, or ESLIRP, which is a non-funded, non-qualified arrangement. Annual benefits under this Plan will equal a percentage of the highest five consecutive years of compensation, offset by amounts payable under the Charles River Laboratories, Inc. Pension Plan and Social Security. The age-based percentages are 46% at age 59, and up to 55% at age 62 and over. The normal retirement age is 62. Eligible spouses (married one year or longer at the executive's retirement date) receive survivor benefits at a rate of 100% of the benefit paid

to the executives during the first 15 years following retirement and thereafter at the rate of 50%. Executive officer participants vest as to 50% of the total benefit after five years of service with a 10% incremental increase in vesting percentage for each year thereafter. The Company has taken out several key person life insurance policies with the intention of using their cash surrender value to fund the ESLIRP Plan.

The following table shows the total estimated annual benefits payable under the ESLIRP beginning at retirement (age 62) and continuing until the executive's death. These estimates are based on the assumptions that an employee will continue to work for the Company until normal retirement with no change in current 2001 compensation. The total benefit below is offset by the Charles River Laboratories, Inc. Pension Plan and Social Security. Amounts shown are paid as a 15 year certain and continuous annuity with a 50% spousal benefit after the 15 years.

The estimated annual vested accrued benefits payable upon retirement at age 62, based on the 2001 pensionable earnings shown in the table above, is as follows for the named executive officers participating in the ESLIRP, subject to offset by amounts payable under the Charles River Laboratories, Inc. Pension Plan and Social Security: Mr. Ackerman (\$238,299), Mr. Foster (\$585,352), Mr. Johst (\$237,132) and Mr. Renaud (\$355,183). Mr. Shaughnessy is no longer a participant in the ESLIRP. The estimated annual vested accrued benefits payable upon retirement at age 65 (the normal retirement age under the pension plan) to Mr. Shaughnessy under the Charles River Laboratories, Inc. Pension Plan is \$18,200.

The Company does not currently have employment agreements with any of its named executive officers, other than the severance agreements discussed below.

SEVERANCE PLANS

In January 1999, Charles River Laboratories, Inc. adopted the 1999 Charles River Laboratories Officer Separation Plan. This plan provides for severance payments to vice presidents and more senior officers who are terminated for reasons other than cause, voluntary resignation, disability, early or normal retirement or death and who have not been offered comparable positions within the Company. A participant under the plan is entitled to a severance payment equal to one year of the officer's base pay plus the accrued vacation pay payable to the officer as of the separation date. Under certain circumstances, a participant is also entitled to receive a PRO RATA portion of the participant's incentive bonus under the terms of the plan. Each of the named executive officers other than Mr. Renaud is a participant under the plan. In January 1992, Mr. Renaud entered into an agreement with Charles River Laboratories, Inc. providing for a severance payment equal to one year of his base pay if he is terminated for any reason other than for cause, and up to one additional year of base pay until he finds non-competing employment. The plan and the 1992 agreement with Mr. Renaud each prohibit the participant from competing with Charles River Laboratories, Inc. for one year after termination of the participant's employment.

On July 25, 1999, Charles River Laboratories, Inc. entered into an agreement with each of the named executive officers providing for a severance payment to any covered officer terminated by Charles River Laboratories, Inc. prior to September 29, 2000 for any reason other than cause. Under these agreements, Mr. Foster is entitled to a severance payment equal to two and one-half times his base salary and each of Messrs. Thomas F. Ackerman, David P. Johst and Dennis R. Shaughnessy is entitled to a severance payment equal to two times his base salary.

REPORT OF COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the "Compensation Committee") is composed entirely of outside directors. The Compensation Committee, which consists of Mr. Cawthorn and Mr. Waltrip is responsible for establishing and administering the Company's executive compensation policies. This report addresses the compensation policies for fiscal year 2001 as they affect Mr. Foster, in his capacity as Chairman, President and Chief Executive Officer of the Company, and the other executive officers of the Company.

The objectives of the Company's executive compensation program are to:

- Provide a competitive compensation package that will attract and retain superior talent and reward performance.
- Support the achievement of desired Company performance.
- Align the interests of executives with the long-term interests of Stockholders through award opportunities that can result in ownership of Common Stock, thereby encouraging the achievement of superior results over

an extended period.

EXECUTIVE OFFICER COMPENSATION PROGRAM

The Company's executive officer compensation program is comprised of: (i) base salary, which is set on an annual basis; (ii) annual incentive bonuses, which are based on the achievement of predetermined objectives; and (iii) long-term incentive compensation in the form of periodic stock option or restricted stock grants, with the objective of aligning the executive officers' long-term interests with those of the Stockholders and encouraging the achievement of superior results over an extended period.

The Compensation Committee performs annual reviews of executive compensation to confirm the competitiveness of the overall executive compensation package as compared with companies who compete with the Company to attract and retain employees.

In considering compensation of the Company's executives, one of the factors the Compensation Committee takes into account is the anticipated tax treatment to the Company on various components of compensation. The Company does not believe that Section 162(m) of the Internal Revenue Code of 1986, as amended, which generally disallows a tax deduction for certain compensation in excess of \$1 million to any of the executive officers appearing in the Summary Compensation Table above, will have an effect on the Company. The Compensation Committee has considered the requirements of Section 162(m) of the Code and its related regulations. It is the Compensation Committee's present policy to take reasonable measures to preserve the full deductibility of substantially all executive compensation, to the extent consistent with its other compensation objectives.

BASE SALARY

The Compensation Committee reviews base salary levels for the Company's executive officers on an annual basis. Base salaries are set competitively relative to companies in the biotechnology industry and other comparable companies. In determining salaries the Compensation Committee also takes into consideration individual experience and performance. The Compensation Committee seeks to compare the salaries paid by companies similar in size and stage of development to the Company. Within this comparison group, the Company seeks to make comparisons to executives at a comparable level of experience, who have a comparable level of responsibility and expected level of contribution to the Company's performance. In setting base salaries, the Compensation Committee also takes into account the intense level of competition among biotechnology companies, as well as a broader group of companies of comparable size and complexity to attract talented personnel.

14

ANNUAL INCENTIVE BONUSES

The Company, along with each executive officer, establishes goals related specifically to that officer's areas of responsibility. The Compensation Committee determines the amount of each executive's bonus based on performance against established financial objectives, as well as a subjective assessment by the Compensation Committee of the officer's individual contribution to the overall performance of the Company. Bonuses are awarded on an annual basis.

LONG-TERM INCENTIVE COMPENSATION

Long-term incentive compensation, in the form of stock options or restricted stock grants, allows the executive officers to share in any appreciation in the value of the Company's Common Stock. The Compensation Committee believes that stock option participation aligns executive officers' interests with those of the Stockholders. The amounts of the awards are designed to reward past performance and create incentives to meet long-term objectives. Awards are made at a level calculated to be competitive within the biotechnology industry as well as a broader group of companies of comparable size and complexity. In determining the amount of each grant, the Compensation Committee takes into account the number of shares held by the executive prior to the grant.

CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Foster has held the position of President since 1991, CEO since 1992 and Chairman since June 2000. Mr. Foster currently receives an annual base salary, which has been increased by the Board of Directors periodically. In 2001, Mr. Foster had a base salary of \$450,000, which was consistent with the range of salary levels received by his counterparts in companies in the biotechnology industry and other comparable companies. Mr. Foster also received an annual bonus of \$720,375, which was based primarily on the Company's overall financial performance in fiscal 2001. The Compensation Committee believes Mr. Foster has managed the Company well in a challenging business climate and has continued to

move the Company towards its long-term objectives.

The Company granted stock options to Mr. Foster to purchase 558,824 shares at an exercise price of \$5.33 in fiscal 1999, 40,000 shares at an exercise price of \$16.00 in fiscal 2000 and 77,500 shares at an exercise price of \$31.97 in fiscal 2001. This option package is designed to align the interests of Mr. Foster with those of the Company's stockholders with respect to short-term operating results and long term increases in the price of the Company's Common Stock. The grant of these options is consistent with the goals of the Company's stock option program as a whole.

Under the terms of the recapitalization, Charles River Laboratories, Inc., which had been a wholly owned subsidiary of Bausch & Lomb Incorporated, became a wholly owned subsidiary of the Company.

FINANCIAL ADVISORY FEES AND AGREEMENTS

Donaldson, Lufkin & Jenrette Securities Corporation, an affiliate of the DLJMB Funds and Credit Suisse First Boston Corporation, received customary fees and expense reimbursement for its services as financial advisor for the recapitalization and as the initial purchaser of the units issued on September 29, 1999. DLJ Capital Funding, an affiliate of the DLJMB Funds, and Credit Suisse First Boston Corporation received customary fees and reimbursement of expenses in connection with the arrangement and syndication of the Company's credit facility and as a lender under the facility. The aggregate amount of all fees paid to the DLJ entities in connection with the recapitalization and the related financing was approximately \$13.2 million plus out-of-pocket expenses. Credit Suisse First Boston, New York branch is an affiliate of DLJ Capital Funding and had assumed such commitment to provide us with a new credit facility. The aggregate fees payable to DLJ Capital Funding in connection with such consent and commitment were approximately \$1.1 million. DLJ Securities Corporation, whose corporate parent was recently acquired by Credit Suisse Group, of which Credit Suisse First Boston Corporation is an indirect subsidiary, was co-managing underwriter in the Company's initial public offering and received customary fees of approximately \$4.4 million, and DLJDIRECT, Inc., an affiliate of DLJ Securities Corporation and Credit Suisse First Boston Corporation, was an underwriter and received approximately \$0.1 million. We also paid a premium of approximately \$24.5 million to the holders of our senior discount debentures due in 2010, including DLJMB, for early repayment. In addition, Credit Suisse First Boston Corporation acted as dealer manager in the tender offer for all of our subsidiary's outstanding 13.5% Senior Subordinated Notes due 2009 and received a fee of approximately \$300,000.

CRL ACQUISITION LLC

Effective June 21, 2000, the Company's current Stockholders, including CRL Acquisition LLC, transferred all of their shares to us in exchange for newly issued shares of our Common Stock. Each old share was exchanged for 1.927 new shares. Immediately thereafter as part of that transaction and prior to our initial public offering, CRL Acquisition LLC terminated its existence as a corporation for tax purposes and distributed a substantial portion of these shares to its limited liability company unit

17
