However, Nancy and Real will be hosting conference calls with you to review this exciting transaction and how it will benefit the Company, our employees and customers. You will receive an invitation to their calls.

In the meantime, let me tell you a little about WuXi AppTec and why we believe this is such an exciting opportunity.

WuXi AppTec is a leading drug research and development outsourcing company with expertise in discovery chemistry. The Company was established in 2000 and has steadily grown to more than 4,000 employees with operations in China and the United States.

By joining with WuXi AppTec, we can better serve our customers, with an increased global presence and comprehensive portfolio of discovery and early-stage development services. This transformational combination brings together two companies with the shared goal of accelerating our customers' drug development efforts and a commitment to exceeding their expectations.

This is a good opportunity for Charles River for four reasons:
